

Habibullah Sons (Pvt.) Limited High Quality
Stone – Working Industry "Natural Stone"

Introduction

HabibullahSons is a family owned Stone Working Industry, engaged in the quarrying, manufacture and export of high quality natural stone products from Pakistan since 1971. Our plant is located in the prime industrial zone of Pakistan (S.I.T.E.) over an area of more than 16,000 M2 and is equipped with an annual production capability of more than one million ft2. Our Marble, Onyx and Limestone materials are available in blocks, slabs, tiles and in cut-to-size according to customer requirements,

Our experience over the last thirty years has enabled us to ensure that our products are precision-manufactured and beautifully finished to meet/exceed all International standards, specifications and tolerances. Most of our products are manufactured in materials from our own quarries.

We are meticulous in our selection and quality control from the quarry through to the final production and packaging and are committed to providing Total Customer Satisfaction. Our flexible manufacturing ability allows us to cater to the very diverse and complex International market in providing products ranging from slabs to tiles (from 12"x12" and up-to 18"x18", In thickness from 3/8" and up-to 3/4") as well as cut-to-size tiles / panels in accordance with specific project requirements.

We at HabibullahSons have dedicated ourselves to search for and provide our customers with exclusive selections of new and exotic materials in beautiful and unique colors.

This dedication, personalized approach and commitment to quality has enabled HabibullahSons to deliver first quality materials from blocks to finished products.
